THE HOTEL CHAMPLAIN, on Bluff Point, the most commanding promontory on Lake Champlain, three miles south of Plattsburgh, N. Y., overlooks an unrivaled landscape of mountains, lake, forest, and intervals. First opened in 1890, it was at once recognized as a leading summer resort, unequalled in location, construction, equipment, and management. Successful from the first, its original capacity has been nearly doubled. The cuisine and service are of the highest standard. Every room is a front room. Its grounds consist of 450 acres of beautiful park and woodland, roadways, and lawns. Seven miles of forest, cliff, and lake-side walks and a fully equipped 18-hole golf-course have recently been added. The house is built upon the solid rock, and its sanitary arrangements are faultless. The water supply is from pure mountain springs.

Attractions

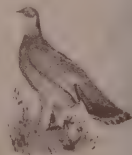

The pure, dry antiseptic air of the Adirondacks; superb panoramic views in every direction; idyllic walks and drives; a sandy beach in the shade of the woods; the finest fresh-water bathing in the North; boating, yachting, fishing, shooting, golf, tennis, music (Clarke's band and orchestra); the largest United States military post in the East is close by, with its social attractions, dress parade, music, guard-mount, drills, etc.; cool nights; every comfort that the most exacting can desire; freedom from mosquitos and flies. Au Sable Chasm, one of nature's marvels, is within easy driving distance. A beautiful turf drive, encircling the grounds, about two miles in length, has recently been built. Day excursions may be made to Fort Montgomery; Fort Ethan Allen, the new United States Cavalry post; the historic remains of the forts at Crown Point and Ticonderoga; the islands of Lake Champlain; Lake George and all principal resorts in the Adirondacks.

Transportation Facilities—The Delaware & Hudson Railroad station (Bluff Point) and steamer-pier, at which all trains and boats stop, are in the hotel park. Through drawing-room and sleeping cars run between New York, Albany, Troy, Saratoga, Lake George, Montreal and Hotel Champlain. The train and steamer service is frequent and convenient. It is the best stopping-point for tourists making the trip in either direction via Saratoga, Lake George and Lake Champlain, to or from Montreal, the Adirondacks, or the White Mountain and New England Coast resorts. The Hotel Champlain is the finest of the mountain and lake resorts, and combines the best attractions of the other Adirondack hotels with the advantage of greater accessibility. For plans of room, rates, etc., apply to
